Manufacturing Facilities

Factory Indoor Area

8000 m2

Administrative Buildings and Facilities

2000 m2

Crane Capacities

5-20 Tons [12 Pieces]

Monthly Production Capacity

250-300 Tons [1 Shift]

Corrosion Protection

- Manual Blasting in Cabin [5000mm x 8000mm]
- Manuel Coating and Painting
 - Dual Component Hot Airless Spray System [2 Unit WIWA-Duomix 333]
 - Airless Sprey System
- Automated Pipe Interior Coating / Painting
- Coating and Painting Quality Test Equipments
 - DFT Measurement Equipment
 - Holiday [Spark] Dedector [30KV]
 - Dust Measurment Equipment
 - Surface Roughness Measurment Equipment
 - Humidity and Temp. Measurment Equipment
 - Salt Measurment Equipment
 - Pull-Off Adhesion Test Equipment
 - Hardness Test Equipment

Welding

- Laser Welding
- SAW - 1000 Ampere
- TIG Welding
- MIG/MAG Welding Manual
- Arc Welding Pulsed Current
- Arc Welding Root Arc
- Welding
- Force Arc Welding

Metal Machining

- Bevelling Lathe
- Vertical Lathe
- Horizontal Lathe
- Radial Boring Machine
- Vertical Boring and Turning Mills

Metal Cutting

- CNC Oxygen Cutting [100mm x 3000mm x 12000mm]
- CNC Plasma Cutting [50mm x 3000mm x 12000mm]
- Manual Cutting Torch
- Flame Cutting
- Plasma Pipe Cutting
- Circular Cold Saw
- Plate Shears [8 x 3000mm]
- Hacksaw

Metal Forming

- 4 Roller Plate Bending Machine, 2 Pieces [35mm x 2500mm, 65mm x 3000mm]
- 3 Roller Plate Bending Machine, 2 Pieces [45mm x 3000mm, 25mm x 2000mm]
- Pipe Cold Bending Machine
- Folding Machine [6 x 4000mm]
- Hydraulic Press
- Eccentric Press
